

Olorunfemi Glory Opeoluwa

Software Developer | Web3 Advocate | Technical Writer & Tutor

Lagos, Nigeria | +234 906 127 3901 | gloryope247@gmail.com

· [GitHub: gloze-png](#)

Professional Summary

Versatile Full Stack Developer and Web3 advocate with proven experience building scalable, user-focused applications across web and mobile platforms. Skilled in **React, Next.js, PHP, and Laravel**, with a strong background in problem-solving and delivering clean, efficient code. Demonstrated leadership through team collaboration and project ownership, and experienced in freelancing with a track record of successfully delivering client solutions. Passionate about leveraging modern technologies, including blockchain and decentralized applications, to create innovative digital experiences.

Work Experience

Software Developer & Mobile Developer

Padii – Lokoja, Nigeria

2024 – Present

- Developed and maintained mobile applications using Java, focusing on performance optimization and seamless user experience.
- Expanded the scope of the company's offerings by initiating and contributing to the development of an AI-powered Learning Management System (LMS) for Padii, integrating personalized learning and intelligent content delivery.
- Collaborated with cross-functional teams to design system architecture, ensuring scalability and long-term maintainability of mobile and AI-driven solutions.
- Implemented core features such as user authentication, course enrollment, and progress tracking, aligning the LMS with business goals.
- Contributed to product innovation by researching and applying emerging AI technologies to enhance educational delivery and engagement.

Thronepen — Video Editor & Social Media Manager

Mar 2024 – Present

- Edited and produced engaging video content tailored for digital platforms, increasing audience engagement and brand visibility.

- Managed and grew the company's social media presence, creating content strategies that aligned with business goals.
- Designed and optimized visuals, graphics, and multimedia content to maintain a consistent brand identity.
- Analyzed social media performance metrics to improve reach, engagement, and campaign effectiveness.
- Collaborated with the creative team to deliver timely and high-quality content that enhanced the brand's online reputation.

Software Developer & Tutor

Opus Incorporation – Kabba, Kogi State, Nigeria

June 2023 - January 2025

- Designed, developed, and deployed scalable web applications using PHP, Laravel and Flutter, improving system performance and user experience.
- Collaborated with cross-functional teams to implement software solutions, ensuring timely project delivery and adherence to client requirements.
- Conducted one-on-one and group tutoring sessions, teaching web development fundamentals, full-stack best practices, and problem-solving techniques to students.
- Mentored junior developers, guiding them on clean coding, version control (Git), debugging, and project structuring, fostering professional growth.
- Delivered technical workshops on modern frameworks, freelancing strategies, and leadership in tech, equipping learners with both technical and career skills.

Web Developer (Freelance)

Jebstrut Ltd – Abuja, Nigeria | Aug 2022 – Jan 2024

- Built and deployed full-stack web applications from concept to completion, aligning solutions with client requirements in the construction industry.
- Utilized Laravel and React to deliver scalable, efficient, and user-friendly systems.
- Designed and maintained websites using Content Management Systems (CMS), ensuring ease of updates and long-term usability.
- Implemented backup and data integrity systems to safeguard company information.
- Conducted thorough testing and debugging to optimize performance and guarantee a seamless user experience.
- Provided support, enhancing functionality and ensuring reliability for business operations.

Web Analyst (Volunteer)

Oasis – Florida, United States

Mar 2023 – Apr 2023

- Cleaned and validated datasets to improve reporting accuracy.
- Enhanced system logic to boost data throughput.
- Applied statistical techniques to interpret data and inform decisions.
- Identified process improvement opportunities in data workflows.

Dovetech — Web Development Intern

Jun 2020 – Dec 2023

- Gained hands-on experience in web development and design, working with both Content Management Systems (CMS) and custom solutions.
 - Designed and developed responsive websites, improving usability and client satisfaction.
 - Assisted in website maintenance, troubleshooting, and optimization to enhance performance and security.
 - Collaborated with senior developers to understand best practices in frontend and backend development, strengthening technical and problem-solving skills.
 - Built a solid foundation in web design principles, user interface (UI), and user experience (UX), contributing to professional growth in software development.
-

Leadership & Volunteer Experience

President – ACCF Fellowship

Rufus Giwa Polytechnic – Owo, Ondo State, Nigeria

2017 – 2018

- Led a student fellowship with over 100 members, organizing outreach programs and leadership seminars.
 - Mentored younger students and coordinated community service initiatives.
 - Facilitated weekly meetings and built a strong culture of collaboration and growth.
-

Education

Bachelor of Science in Computer Science (In Progress)

University of the People, California, USA.

Oct 2024 – Oct 2026 (Expected Date)

- Relevant Subjects: Software Engineering, Data Structures, Algorithms, Web Development

Diploma in Software Engineering

Scholars International Institute of Technology – Lagos, Nigeria

Jan 2023

- Relevant Subjects: Full-Stack Development, API Integration, DevOps Fundamentals

Diploma in Computer Engineering

Rufus Giwa Polytechnic – Owo, Ondo State, Nigeria

Dec 2018

- Relevant Subjects: Hardware Systems, Networking, Programming Logic

Languages

- **English:** Fluent

Technical Skills

- **Frontend & UI:** React, Next.js, Flutter, TypeScript, JavaScript, Tailwind CSS
- **Backend & APIs:** PHP (Laravel), Node.js, Java, RESTful APIs, Firebase, Supabase
- **Databases:** MySQL, PostgreSQL, SQLite
- **DevOps & Tools:** Docker, Git, CI/CD, VS Code
